# NEW EXPANDED METAL & SOLID STEEL CONTAINERS

Our rigid welded containers are ideal for a wide range of shipping, processing and storage applications. Stackable up to five high when loaded, their heavy gauge split tube or structural steel frame construction produces a rugged yet economical product. Standard cup feet and four way access make these containers safe and easy to handle. Standard sizes are available in both solid sheet and expanded mesh. Collapsible and drop bottom versions are also available.

### **NCE-S-GS2**
